SCCTM Conference 2022

The 2022 SCCTM Conference will be held in Greenville, SC November 17 - 18, 2022. The theme is South Carolina Health Math: Teaching with Strength, Cardio, and Flexibility using the Mathematical Practices.

The recently completed 2021 conference program in flipbook form, and a mini-program in pdf form are still available on the conference webpage: <http://www.scctm.org/conferences>

Government Relations

SCCTM is committed to keeping members informed of governmental and legislative issues related to mathematics education at the state and national level. The reports are non-partisan and meant to keep you in-the-know. You will find easy instructions on how to voice your opinions to your legislators in the report. Click the link to view the February 1 Government Relations Report. We will update you on any legislative changes as they come!

The MathMate

The MathMate is seeking manuscripts, lesson ideas, or activities. Share your ideas with the MathMate editor, Leigh Martin, at mathmate@scctmconference.org Use the following link to find submission guidelines: <http://www.scctm.org/The-MathMate>.

SCCTM Volunteers

Can you help SCCTM? We are looking for educators who have the time, talent, and willingness to contribute in order to help our state math organization grow stronger and be better able to serve our membership. Please complete the questionnaire below in order to volunteer with SCCTM. At any time, you may contact the SCCTM Executive Director, Cindy Parker: director@Sscctmconference.org or SCCTM President: president@scctmconference.org if you have any questions or other ideas about volunteering for or assisting SCCTM.

Time and Talents Volunteer form: <https://docs.google.com/MINO9>

Submissions for the SCCTM News E-blast

The SCCTM sends out a monthly news blast. The format for submissions is a short (less than 250 words is suggested) description paragraph and links to any flyers or forms on the originating organization's website/storage. This format avoids us housing other organization's documents/flyers on our listserve server's limited space. All submissions must also meet our mission as stated on our website:

"The South Carolina Council of Teachers of Mathematics acts to support quality mathematics teaching by advocating at the state level for South Carolina educators and students; providing opportunities for leadership, professional development, and networking; and encouraging the creation of research-based curriculum, instruction, and assessment."

Requests from organizations outside SCCTM need to be in by the first of the month for inclusion in that month's e-blast, because they have to be approved by our editorial committee.
